To whom it may concern:

**RE: LAMBTON CHILDREN'S SAFETY VILLAGE**

On behalf of Canadian Red Cross Sarnia-Lambton Branch, I'm excited to support the Lambton Children's Village to be built in our community.

The Lambton Children's Village will be very beneficial to all aspects of the community. This will be an invaluable teaching tool for our community from educators to service groups. The Lambton Children's Village can dramatically reduce injuries by teaching individual's responsibilities and awareness through hands-on training. I feel youth in the community will develop a positive attitude towards safety, that they will remember into adulthood. I support this project in creating awareness to our youth and all individuals for injury prevention, and to have this within a safe and interactive environment.

Please don't hesitate to contact me anytime in supporting this project.

Sincerely;

**C.J Taylor**

Community Services Coordinator  
Injury Prevention
