To Whom It May Concern:

The Lambton Kent District School Board supports the efforts of the Lambton Children's Safety Village Committee to construct a facility that will bring safety training, education and awareness to our elementary students.

Injury prevention experts estimate that over 90% of childhood injuries are preventable. A Safety Village would provide instruction on a number of safety issues such as bicycle safety, fire safety, farm safety, street proofing and stranger awareness. Information that could possibly one day save a life.

Students in our south elementary schools have benefited from the training and education received from the Chatham-Kent Children's Safety Village and we are fortunate to have this resource in our Chatham-Kent community.

Congratulations are extended to the committee for their work in bringing a Safety Village and safety education to the children of Lambton County.

Yours truly,

A handwritten signature in black ink, appearing to read 'J. Costello', on a light yellow rectangular background.
