*Lighting the Way – Rejoicing in Our Journey*

March 7, 2012

To Whom It May Concern,

I am writing today in support of the fundraising efforts on behalf of the Lambton County Children's Safety Village.

When completed, the children's safety village will offer safety programs and information for children across the County of Lambton, which will help to reduce the number of childhood injuries that occur every day in mishaps. With proper education and awareness, these mishaps are preventable.

A children's safety village has been operating in the Municipality of Chatham-Kent for some years now and our elementary students in that part of the district attend regularly and learn important life-long lessons, which protect their safety and well-being.

I am happy to support the on-going fundraising efforts of the Lambton County Children's Safety Village Committee and wish its members every success in the funding and development of this worthwhile learning venue, which will serve the children of Sarnia-Lambton.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Paul Wubben', written over a white background.

Paul Wubben
